

# **Internship Opportunities**

[Prince George's County Schools Internships](#)

[College & Career Pathways](#) – website provides information about a wealth of internships in a wide variety of fields. Some internships are paid positions, and some are not, but all will provide students an opportunity to gain valuable experience

[Internship Opportunities – Maryland](#) – internships.com

[MDE Volunteer Corps and Internship Programs](#) - The Maryland Department of the Environment's Volunteer Corps & Internship Program (MDE VCIP) promotes and encourages high school students of Maryland an opportunity to volunteer. The VCIP also offers internship opportunities for students that are interested in gaining exposure and knowledge in the environmental profession.

[Johns Hopkins University](#) – Internship Opportunities – Astronomy & Physics, Biomedical Science, Engineering, Biology & Environmental Science, Science.

[Johns Hopkins University](#) – ASPIRE Program - Applied Physics Laboratory (JHU APL) is an internship program intended to give high school juniors and seniors the opportunity to explore careers in science, technology, engineering and mathematics.

[Science & Engineering Apprenticeship Program](#) - The Science and Engineering Apprenticeship Program (SEAP) provides an opportunity for students to participate in research at a Department of Navy (DoN) laboratory during the summer.

[Law Links Internship](#) - Law Links is a unique opportunity for high school students to intern in law-related settings during summer months. In partnership with area law firms, law-related agencies, and non-profits, students work full-time for seven weeks.

[Student Page Program](#) - Maryland's high school seniors have had the opportunity to learn about the legislative process by serving as student pages in the Senate and the House of Delegates during the annual session of the Maryland General Assembly. The program was begun by House Speaker Thomas Hunter Lowe and approved by the Maryland State Board of Education. Each year, 105 pages and 36 alternates are selected from across the State to represent their schools and counties in Annapolis.

[White House Summer Internships](#) - The White House Internship Program provides a unique opportunity to gain valuable professional experience and build leadership skills. This hands-on program is designed to mentor and cultivate today's young leaders, strengthen their understanding of the Executive Office and prepare them for future public service opportunities.

[Center for Disease Control and Prevention](#) - the CDC has numerous internship, training, and volunteer opportunities for students of all academic disciplines and levels. Many of these opportunities provide invaluable experiences and potentially offer clear cut paths to exciting careers with CDC.

[J. Craig Venter Internship Program](#) - The Internship Program provides opportunities to inspire young scientists and other science professionals to work in all areas of the Institute. Interns are assigned to a mentor who is a member of the Institute's faculty or senior staff. A research program/work experience is tailored to each participant's education level and capabilities.

[American Psychological Association](#) – list of links to research and internship opportunities for high school students. A number of exciting opportunities are available for both undergraduate and high school

psychology students to get hands-on learning and valuable research experiences in the science of psychology over their summer breaks.

[High school internships at NASA Goddard in Greenbelt](#)

<https://intern.nasa.gov/ossi/mobile/opp.cfm?id=14039> - Spacecraft Dynamics Simulation (High School)

<https://intern.nasa.gov/ossi/mobile/opp.cfm?id=13594> - Development of Space Stable Coatings for Remote Robotic Identification - High School

<https://intern.nasa.gov/ossi/mobile/opp.cfm?id=13592> - IMAGESEER

<https://intern.nasa.gov/ossi/mobile/opp.cfm?id=13657> - Hidden Impact Basins and early bombardment history of the Earth, Moon, and Stars

<https://intern.nasa.gov/ossi/mobile/opp.cfm?id=14331> - Assessing the Impact of Urbanization on the US surface climate

[Summer Internship Programs – NIH](#) - Summer programs at the National Institutes of Health (NIH) provide an opportunity to spend a summer working at the NIH side-by-side with some of the leading scientists in the world, in an environment devoted exclusively to biomedical research.

[HS STEM Internship Program - Hosting Sites](#) - The name and contact information of the hosting site internship coordinator is provided below for further assistance with questions regarding the hosting site; local housing availability, cost, or roommates; local transportation; security clearance requirements; internship start and end dates; and other administrative issues specific to that research facility. If you contact the internship coordinator, identify yourself as an applicant to the DHS HS-STEM Summer Internship Program.
